Discussion

Helpful way to facilitate discussions about particular topics for a class or to gather feedback. Upload a picture for discussion too.

RSS Feed

Stands for Really Simple Syndication. A web feed format that is used to publish frequently updated works like news headlines or blogs.

Group

Create and design your own class/group page. Great way to communicate with your clubs, departments, and sports.

Homework Hand-In

Go Green. Create online assignments by attaching a document and adding instructions for students. Students can download the assignments from Edline and resubmit completed work via the “digital dropbox” on Edline.

Interactive Assignment

Easily create online assignments for students to submit via Edline. If configured properly, interactive assignments can be graded.

Survey

Build online surveys to include many different types of questions like multiple choice, short answer, true and false, dropdown list, and paragraph answer. Useful for obtaining student information like prior knowledge.

Quiz

Create a quiz for students to submit via Edline. If configured properly, quizzes can be automatically graded.

Tip To Remember:

When adding pictures to your class pages-Remember to use:

-  These types of picture files: **.jpg**, **.png**, or **.gif**
-  Approximately **314 pixels wide** (the height does not matter)
-  **Smaller than 75 Kilobytes** (larger pictures are difficult to display for families using dial-up modems).
