

iMovie 08

Project Library (top screen) will include your movie clips and project. It automatically saves your work. Use the following tools to create your project

This process will take some time – about 30 – 60 minutes depending on the size of your movie

iDVD '08'

Choose **Magic iDVD**

Choose a Theme page

Name your DVD Title

Drop in your movie by selecting Movies and finding your finished *shared* project

Create Project will allow you to edit text on the Theme page

When ready, click **Burn**

The first DVD will take some time to create

Subsequent DVD's will take 2 minutes or less

Do not click Done until all DVD's have been burned (You can leave the computer on this screen indefinitely)
